HIGHER SECONDARY
SCHOOL PATHANAMTHITTA

A Tradition of Excellence....

HISTORY

Catholicate Higher Secondary School is one of the oldest and most famous schools in Central Travancore. The School has been able to present many successful personalities, not only to India but also to the world. This great School marks 91 years of teaching and learning. The school was started during the reign of His Holiness Baselios Geevarghese 2nd, Catholicose of Malankara Orthodox Church. The effort was completed in 1931 as a result of the hardwork of Puthencavil Kochu Thirumeni. The early school was on the site of what is now Catholicate college. With the establishment of the Catholicate college in 1952, the Catholicate School was relocated to its present location. In 1998, it was upgraded to a Higher Secondary School. Former Thumpamon Diocesan Metropolitan H.G Daniel Mar Philoxenos Thirumeni was an eminent science teacher and headmaster at the school. The current Bishop of Thumpamon Diocese, H.G Kuriakose Mar Clemis Thirumeni was also one of our former teacher. About 1500 students are studying here in class 5 to 12. Now Mr. Jacob George serves as our Principal and Mrs Gracen Mathew as our Headmistress.

Dear All,

I am extremely glad to greet you all, the students, the members of the teaching and non-teaching faculty and the well wishers of Catholicate Higher Secondary School. The CHSS completes 91 years since its inception in 1931 by the great initiative of the late lamented His Grace Geevarghese Mar Philoxenos, of blessed memory, whom we fondly call Puthencavil Kochuthirumeni. On this occasion may I express my cordial appreciation to all who has been instrumental in bringing up CHSS an institution of academic excellence. We are very much obliged to the Principals / Head Teachers & teachers for their sincere commitment and earnest dedication. The new academic year 2022-2023 has already begun. At this juncture, may I scribble a simple tip for all of you to ponder over: Diversify to be Integral and Inclusive. What I mean is the diverse academic as well as non-academic talents and capabilities of the students should be catered to so that their personality development would be integral and inclusive. The academic standard of the students should grow and at the sametime their taste for sports, games, arts and other service oriented activities should also be fostered. And thereby, their personality might grow wholesome. In this regard CHSS has been performing well and I wish that it continues to be a model for other academic institutions. Again, I take pride that I could communicate with you through your mini magazine LODESTAR and appreciate very much your endeavour in publishing the same.

Big Thanks

God bless

Yours in the Service of the Society

PRINCIPAL'S NOTE

Greetings,

Nietzsche believed that most cultures exist solely to distract us from the truth. If this is to be believed, then the context of our experience matters little when compared to the content of our experience. For this reason, I believe an educational institution should provide the best possible opportunities to the students, so that they have the confidence and courage to develop as a scholar and, eminently, as a person. While we are determined to provide seamless learning targeted towards excellent academic performance through the incorporation of the latest teaching approaches, we also ensure that we are actively working on the physical, social, emotional & spiritual training of our students. Parents are the first teachers in our life, our first inspiration. They provide us with best of everything and they teach us what life is all about and help us in solving our problems. We happily welcome all our parents to take an active role in the education of their children. I am eager to work with our parent community in supporting their children in their education. We always strive to build strong parent teacher relationship which is very important for the academic success of our students. We, at Catholicate H.S.S, believe that all children can learn. We should remember the words of our late president Dr. A.P.J Abdul kalam, 'All of us do not have equal talent. But all of us have an equal opportunity to develop our talents'.

May God bless us all

Jacob George Kuttiyil

VISION

Our vision is to empower students to acquire, demonstrate, articulate and value knowledge and skills that will support and encourage them in their endeavours, so that they become dependable pillars of our society and honor the core values of our school: diversity, integrity and excellence.

MISSION

Our school aims to provide a stable, well-rounded education in a nurturing and encouraging environment for students and staffs, while maintaining genuine connection with parents and the community, thereby creating a holistic learning community.

Parent - Teacher Interaction

We have an active PTA. Parental participation is encouraged in a big way. We keep in touch with parents on a regular basis via circulars, SMS and class whatsapp groups. The principal and teachers may be contacted by the parents and formal appointments can be made.

Eco - Friendly School

Environmental education is basically moral and spiritual education which is imparted through each and every activity of the school. Students are given experience in the treatment of waste, particularly plastic, nature walking, gardening, water conservation and the observation of important environment days.
